

Gotcha! Thanks. Is there a time limit on these things? (i.e. How long before it would go on the auction block?)

The property is currently on the market, being sold by the Estate of William Sesko and the Guardianship of Natacha Sesko. We filed suit to preserve our lien. It would only be sold at auction (in the foreclosure) if it doesn't sell and the debt to the City does not get otherwise settled by the Guardianship and the Estate.

The lien amount claimed is \$45,973.34.

So the property will be sold at an auction?

Also, how much is the lien worth?

Thanks, Amanda!
Josh

Yes, we are foreclosing on a utility lien. It's on the Arsenal Way property. We were heading toward a deadline for filing the foreclosure action. The property is for sale.

Hi Amanda,

Hope you're well. I see the city is plaintiff in a suit against the Seskos. Can you fill me in on what that might be about?

Thanks,
Josh
